

CREATE, MANAGE, CONTROL AND STORE FORENSIC INTERVIEWS WITH **iRecord & VIDANYX**

iRecord

vidanyx

iRecord and VidaNyx care deeply about protecting children and supporting Child Advocacy Centers through a multi-disciplinary approach. We have joined forces to take the guessing out of how to best manage forensic interviews in a safe, secure and efficient way.

Forensic interviews recorded using **iRecord** can easily be imported to VidaNyx to create a digital workflow to protect and manage forensic interviews like never before. Simply drag and drop your MP4 video files from **iRecord** into VidaNyx for the best of both worlds. In the near future, you will be able to securely transfer your videos from to VidaNyx with one touch.

What is VidaNyx?

VidaNyx is a secure cloud-based video management, sharing and archiving solution tailored to the needs of Child Advocacy Centers.

It was built from the ground up as a collective effort working with the National Children's Alliance, and an advisory council of expert attorneys, prosecutors, therapists, the FBI, forensic interviewers, Child Advocacy Centers across the U.S., government officials and philanthropists.

TRANSFORM OPERATIONS WITH SECURE & RELIABLE CLOUD TECHNOLOGY

Reduce unnecessary travel: No need to manage DVD pick-up logistics for MDT members or mailing, driving or running discs across your region.

Not the custodian of record? No problem! VidaNyx offers **Transfer of Custodianship** to make a digital hand-off to law enforcement, prosecution or CPS to manage access control if that matches your protocol.

Works with low bandwidth: VidaNyx has been tried and tested at extremely low bandwidths so it can work even with unusually low internet speeds.

No installation required: No hardware or software installs are required! Internet access with a current browser like Chrome or Firefox along with login credentials gets authorized users access to VidaNyx.

Reduce Cost & Save time: Forensic interview videos can be shared securely through VidaNyx. Getting the video peer-reviewed or sent to law enforcement no longer comes with shipping costs or logistics. Closed Captioning and transcripts are automated too!

Free up office space: Upload past years' videos to VidaNyx and free up precious space in your CAC. Imagine the old video storage room as an office, rec room or training center.

- Right-sized licensing based on needs for active & archive storage
- 1 license per CAC with no additional per-seat fees for MDT members or individual access
- Visibility and input into the development of new features
- Renewable on a yearly basis

Sales & Service:

"The VidaNyx technology is so needed. We are grateful for the innovation to solve a critical problem faced by child advocacy centers in safeguarding the outcry and disclosure of abuse of our nation's children."

- **Gene Klein, Executive Director, Project Harmony, Omaha, NE**

"The need in the Children's Advocacy Center movement for an innovative product to safely manage and store forensic interview recordings is crucial."

- **Teresa Huizar, Executive Director, National Children's Alliance**
